Good wishes to all for a good year in 2016, from Samuel and Peris

On behalf of the entire GROW BIOINTENSIVE Agriculture Centre of Kenya team, Samuel and Peris Nderitu wish to take this opportunity to wish you all the best in the year 2016. We wish to welcome you again in 2016 to be part of this movement where small holder farmers and the needy communities are empowered so that they can transform their lives through education and knowledge. In 2016 G-BIACK will continue our mission to reach out to as many farming communities as possible. The main aim is to teach them our methods for producing high yields of healthy organic food and improved soil fertility.

Our target in 2016 is to educate over 3,000 new farmers in the following thematic areas;

1. Sustainable soil fertility management
2. Improved crop management and diversification
3. Improved farm planning
4. Value addition and Marketing

Besides this, G-BIACK will focus on the following general activities

1. Consolidating and strengthening the women programmes,
2. Strengthen the Youth Against Poverty Programmes (YAPPS)
3. Continue expanding the intern programme and providing good accommodation to our interns at our new hostels.

Please join this team in 2016; Let us empower the communities; let us transform lives together!
