ISSUE 001 | MAY 22<sup>ND</sup> 2025

Tailoring & Beadwork, Cooking & Baking, and Computer Studies. These courses are carefully designed to respond to the needs of both the local economy and the wider goal of youth development.

Applications for the September 2025 intake are now open, and interested youth are encouraged to apply early to secure a spot. To apply [click here](#) or contact the office at +254 720 323134.

## YOUTH EMPOWERMENT PROGRAM (Y.E.P) SEPTEMBER 2025 INTAKE IS NOW OPEN FOR APPLICATION.

The Grow Biointensive Agriculture Center of Kenya (G-BIACK), a leading institution in sustainable development and practical skills training, has announced the opening of its September 2025 intake for the highly acclaimed Youth Empowerment Program (YEP). The program, which has empowered hundreds of young people over the years, aims to equip youth with hands-on skills that promote self-reliance, job creation, and community transformation.

Offered at G-BIACK's main training center in Thika, the program features comprehensive, practical courses in Agroecology,

## THANK YOU, TENNESSEE UNIVERSITY STUDENTS, FOR VISITING G-BIACK AND SHARING YOUR TIME AND ENERGY WITH

On May 20th, G-BiACK (Grow Biointensive Agriculture Center of Kenya) had the pleasure of hosting a group of students from Tennessee University for a full-day visit to our center in Thika. The visit was part of their international learning experience, and it provided a valuable

# TENNESSEE UNIVERSITY STUDENTS AT G-BIACK!

cross-cultural exchange and knowledge sharing around sustainable agriculture practices.

During their time at G-BiACK, the students toured our demonstration farms, seed bank, and training facilities, learning about the Grow Biointensive

method and the impact of our work with smallholder farmers. They asked thoughtful questions, shared insights from their own academic backgrounds, and showed genuine interest in how locally driven agricultural solutions can support food security, environmental health, and community resilience.

We are deeply grateful to the students for their curiosity, respect, and open-mindedness. Their presence sparked inspiring conversations and reminded us of the importance of building global connections in the pursuit of a healthier, more sustainable future. We thank them
